

MORO VISION NIGHT VISION

LIGHT THE NIGHT™

MV/PVS-7 Delta Kit – Generation 3 Night Vision Goggle

MV/PVS-7 Delta Kit. Morovision Night Vision proudly offers the MV/PVS-7 Delta Kit – the standard issue goggle type supplied to the U.S. Military and it's allies. Equipped with a factory new, high-performance, ITT Generation 3, 64-72 lp image tube, the MV/PVS-7 Delta Kit is designed for the most demanding of nighttime applications. Battle-proven technology includes Automatic Brightness Control which automatically adjusts the brightness of the image tube to achieve the highest quality image resolution under varying light conditions as well as protect the user and the system against inadvertent exposure to excessive light. In addition, a built-in infra-red illuminator with momentary or continuous switching function allows the user to operate under zero light conditions. Lightweight and versatile, the MV/PVS-7 Delta Kit can be hand-held, head-mounted, and helmet-mounted. The MV/PVS-7 is the most dependable, battle-tested night vision system available. Standard Delta accessories and System Data Sheet included

System Test Data Sheet Included
