

## Tactical Tripod Kit

The Morovision Tactical Tripod Kit is versatile and has great stability under high load capacities. The tripod has been customized to hold payloads at working heights for prone to sitting positions. The Morovision Tactical Tripod Kit is compact and lightweight and can also be used in any type of low angle situation. It is perfect for low-light, surveillance and night time observation type photography. The tripod is compatible with a huge range of accessories including the Manfrotto grip ball, fine pan/tilt mechanisms, fluid video heads and ball heads of various sizes.
