

MV-221G Dual Tube Goggle Generation 2+

The MV-221G Goggle features the latest rugged military design with specialized multicoated optics. The light weight MV-221G features 1x magnification, automatic brightness control (ABC), a built in IR illuminator, bright light protection, and includes headgear mounting. Its unique dual tube/dual eye configuration is the only night vision device that offers a true stereoscopic night vision image. The innovative wide exit pupil design eliminates the need for interpupillary adjustment and reduces the size and weight of the unit. Add the optional 3x commercial lens for greater performance!

PART #: MVP-MV-221G-MS

Standard Accessories:

- **Foam Fitted Hard Case** - Provides protective storage.
- **Soft Carrying Case** – Provides convenient storage.
- **Eye Cups** – Prevents the emission of stray light or facial reflections.
- **Day Light Filter** – Filters excessive light. Protects objective lens from the elements.
- **Shoulder Strap** – Allows for hands free operations.
- **Battery** - One (1) 3-Volt Lithium Battery (CR123)
