

## MV - 760 Generation 3 Weapon Sight

The MV-760 Generation 2+ represents the latest developments in a dedicated tactical night vision weapon sight. Water proof and nitrogen purged, this formidable 6x magnification weapon sight has a recognition range (depending on ambient conditions) of approximately 902' or 275 meters. Built with the latest Generation 2+ technology, the MV-760 Generation 2+ is rugged, yet light weight. It is the perfect tool for military, law enforcement, and professional varmint hunters. The MV-760 Generation 2+ features include; an adjustable red on green Mil Dot reticle for precise shot placement, a top mounted objective focus, exposed micro-click windage & elevation target turrets, and a built in weaver style mount. The MV-760 Generation 2+ is backed by a two-year comprehensive warranty.

### Product Features:

- Waterproof
- Rugged Military Design
- Light Weight
- Weaver Style Mounting Base
- Red on Green Mil-Dot reticle
- Top mounted Objective Focus
- Comprehensive 2 Year Warranty

**PART #: MVPA-MV-760-2MS**
